near bad news; they confidently trust the Lord to care for them. They are t and fearless and can face their foes triumphantly.” Psalm 112:7-8

Rick Wassman
Executive Director

Eve began riding at ROSL in 2007 and since then has experienced many in horseriding abilities, balance and strength, just to name a few. One thing is her enthusiasm and joy. She always greets her staff with big smiles and big required much assistance by her two sidewalkers to remain centered in the m as she would drift sideways due to being weaker on one side. She also faced with her ambulation and language.

Over the past two years her balance, coordination and strength have improve ride Patch in two point with her sidewalkers only having a light hold on her and started doing two point at the trot. Staying centered and balanced in the sad problem for Eve. If she becomes off center on rare occasions, she can feel correct her position independently. Her giggles when trotting are infectious. Her staff always looks forward to what she will share with us during her rides from her soccer games and friends to her dream to go to Hawaii. Her ambulation has improved so much sometimes it is difficult to keep up with her. We look forward to each new session with Eve and her dedicated parents. Keep up the good work Eve.

Hi, my name is Katelyn and I am 12 years old. I have been riding horses for almost 4 years was born with mild cerebral palsy and am visually and hearing impaired. Not that I'm complaining, but my special needs do keep me from doing some of the things that I would like to do. However, it doesn't keep me from doing what I love the most, riding horses. ROSL helps my muscles become stronger, helps with other physical developments and it's fun! As my family knows, I live for Wednesday nights when I get to go see Shamrock (the horse I ride). My instructor, Marita, believes that I will be able to ride independently in years to come if I continue with horse therapy. I am saving all my money in hopes of buying my own horse some day, but for now I'm focusing on making sure Shamrock has a home that we can come visit. So, if you are able, please help me to reach my goal and be able to continue therapy at ROSL. ROSL is a non-profit organization and depends on donations and volunteers. With the giving hearts and generous people so many special children benefit from this wonderful program.

NOTE: Katelyn and her family raised over \$2,000 in the 2009 First Annual Charity Walk.

Donations made in loving memory of family and friends:
